

**CARDINAL RAYS**

This year I had the pleasure of attending the ASRT Leadership Academy in Albuquerque, New Mexico. This yearly education program is open to ASRT student and technologists' members, but you must go through the application process. There were a total of twenty-two participants, and, I am happy to report, Ohio was well represented. OSRT's Student Trustee, Ryan Riffie, participated, along with six other students from various states. As the President-elect of the OSRT, I attended along with Dava Smith, RT (R)(CT)(MR).

The educational programs focus on introducing leadership skills and instruction on proper policies and procedures useful to conduct board meetings. The event was well planned and the speakers were very engaging and thought-provoking. As President-elect for the OSRT, I was honored to be in attendance. This is just a note to say thanks so much for allowing me this opportunity to serve Ohio.

Leisa Arnold BSRT (R), (M)  
President Elect OSRT

Please remember you will receive a mailed edition of the *Cardinal Rays* that is devoted to business issues before the membership that require a vote. Inside the copy you receive, you will find a mail ballot. **Three** (3) new OSRT Trustees shall be elected to begin their term in April 2008. Those individuals receiving the highest number of votes will serve as new Trustees. The ballots have been mailed! Members must to respond to the vote by mail ballot **on or before April 1, 2008**.

The ASRT voting polls are open! Please engage your fellow technologists by asking them to vote in the national election and remember to cast your vote as well. Ohio is well represented this year with a total 10 residents running for a national office. Remember to VOTE at [www.asrt.org](http://www.asrt.org)
