

**Board of Directors' Report 2010-2011**  
**Presented by Board Chair, Sharon Keegan**

This past year, the board made every effort to make this a *green* Society. Our first step in this process was accomplished by sending the student issue of *Cardinal Rays* through email saving the Society money in postage as well as printing and paper cost. Our next step will be to do the same for members who agree to help with our *green* initiative for the RT version of *Cardinal Rays*.

We are also proud to announce that President Jackie Turk initiated an OSRT Facebook page and, to date, is growing at a very fast rate. If you are already on Facebook please add OSRT by searching for The Ohio Society of Radiologic Technologists. Our Facebook page contains multiple photographs of the **RT in DC** 2011 event and serves as a venue for keeping in touch with current events and people you meet at the OSRT Annual Meeting each year. There were several Ohio representatives attending the **RT in DC** event this year not only speaking to Congressional leaders on behalf of the **CARE** bill but also spoke in support of legislation RA's as soon to introduce.

For the first time in OSRT history a mock CT Registry Examination was offered at the 2011 Annual Meeting. Based on feedback from membership, an OSRT task force worked very hard to develop the exam. In addition, OSRT sponsored a successful Super CE Saturday: CT Registry Review session held in September. The OSRT is dedicated to meeting the needs of its membership.

In February, Educators from multiple states came together for a regional meeting held in Canton, Ohio sponsored by OPSRT to discuss proposed revisions to the ASRT Radiography Curriculum. Even the threat of snow could not keep this group from reviewing the documents and developing critical but constructive review comments that were forwarded to the ASRT.

The Board is a dedicated group of individuals who are investigating new ways to improve this Society. We are trying to improve membership access by investigating methods for online voting. Speaking of dedicated people, Denise Moore and John Schaub do a great job keeping the OSRT Website up to date with photos and current events. Members can renew membership, register for CE sessions and the annual meeting and can complete online secure donations to the Society all through [www.osrt.org](http://www.osrt.org).

As a busy year draws to a close, the Board wishes to thank all contributors who actively promote the business of the Society. OSRT is a highly respected organization because of dedicated volunteers and its loyal membership!

Best wishes to all.
