

Case Study Poster Rules for Registered and Student Technologists

Eligibility

- Any registered technologist or student technologist, who is a member of the OSRT in good standing **at the time of application and at the time of the Annual Meeting**, shall be eligible to compete in the Case Study Poster Competition.
- Foundation Board or Foundation Committee members are not eligible to compete in the Case Study Poster Competition. These individuals may submit a non-competitive poster.
- All posters must be original work, prepared by the applicant and not previously published or presented at an Ohio Society of Radiologic Technologists' Annual Meeting.
- Registered or student technologists may only submit or be a participant on one poster.
- Upon receipt and acceptance of the completed application form, a notice of acknowledgement or ineligibility will be communicated by the Foundation, via e-mail, to the applicant listed on the application.
- **It is the individual's responsibility to know and follow all rules for competition.**
- **All application materials and posters must be submitted by March 1st via the OSRT website at www.osrt.org.**

Student Eligibility Requirements

To compete as a student technologist, each applicant must:

- Be enrolled in an approved medical imaging or radiologic sciences program at the time of application.
- Be an OSRT member in good standing at the time of submission of this application for competition. If you need to join OSRT, click the "Join OSRT" button on the OSRT's website at www.osrt.org and complete the electronic membership process.
- Be present at the OSRT Annual Meeting.
- If the individual listed on the application does not meet eligibility requirements the poster will be considered ineligible and disqualified.

Registered Technologist Eligibility Requirements

To compete as a registered technologist, each applicant must:

- Be an OSRT member in good standing at the time of submission of this application for competition. If you need to join OSRT, click the Join OSRT button on the OSRT's website at www.osrt.org and complete the electronic membership process.
- Hold active registry or certification and be in good standing with the ARRT, ARDMS, or NMTCB at the time of application.
- Be present at the OSRT Annual Meeting.
- If the individual listed on the application does not meet eligibility requirements the poster will be considered ineligible and disqualified.

Submission Information

- Registered and Student Technologists will submit an electronic poster by the March 1 deadline.
- The intent of the case presentation is to present a complete medical imaging case to your peers from patient symptoms to prognosis. The presentation must provide an insight of the importance of medical imaging and the role it plays in the health profession.
- The case study will show how different types of imaging modalities are used to assist in a diagnosis and how each compliments the other. The case presentation must include a minimum of three (3) different imaging modalities to be complete; radiography plus two other imaging modalities.
- Exhibitors may only submit one poster and only one exhibiter per poster.
- Poster must include presenter name and may include institutional affiliation and advisor's name
- A list of references, at least three of which from peer-reviewed sources, (see judging rubrics) that were used in preparing the poster must be included in the body of the poster and follow the reference style specified in the *American Medical Association Manual of Style* (AMA).
- The Foundation or Foundation Committee will **disqualify** any poster that is not correctly referenced, i.e., not in the American Medical Association Manual of Style or that violates HIPAA. Posters not meeting minimum eligibility requirements, using inappropriate references, or demonstrating evidence of plagiarism will be immediately disqualified
- Electronic case study posters in PowerPoint poster format will be evaluated prior to the Annual Meeting according to the poster rubric. The four posters earning the highest scores will advance to the presentation level, which is a live presentation of the electronic poster by the creator in a public forum at the Annual Meeting. The presentation of the poster will be scored according to the presentation rubric.
- Exhibitors will be notified prior to the meeting as to the date and time for their poster presentation.
- HIPAA rules and regulations apply to all posters.

Posters not conforming to the above specifications will be disqualified.

Judging Criteria: See Poster Judging Rubrics

Posters must score a minimum of 88% or greater on the case study poster rubric to advance to the presentation level. The top 4 poster scores at 88% or higher will be invited to present at the OSRT Annual Meeting. The combined score on the poster and presentation rubrics must earn a minimum of 88% or greater to be eligible for an award.

100-94% eligible for 1st place

100-88% eligible for 2nd place

In the event of a tie for 1st place, 2nd place will be dropped. In the event of a tie for 2nd place, it shall be at the discretion of the Foundation on how the tie will be handled.

This is a competition with minimum standards for awards. If the minimum standards are not met, awards will not be given.
